

MINOS-EURONET:
MIcro-NanOSystems EURoPEan NETwork
pursuing the integration of NMS and ACC in ERA
Contract No. 015704

COORDINATOR

prof. Dan Dascalu,
 National Institute for R&D in Microtechnologies
 (IMT-Bucharest)

PROJECT DESCRIPTION

Main objective: *Extensive networking at the pan-European scale in the field of micro-nanosystems, especially by networking the organisations in NMS and ACC which have a potential for the future development of the field with the established networks in EU.*

RESULTS

News Databases

- for info events
- for scientific events
- for educational and training events
- of paper published in scientific publications

The web-based magazine, launched in March 2006, on the: www.minos-euro.net/wbm

Webpages are used to disseminate the most interesting information about competencies in NMS and ACC (people, organisations, achievements). Contributions should be sent to wbm@nano-link.net.

Common e-newsletter
 MINOS-EURONET and MINAEAST-NET

Under the nanoLINK initiative (see www.nano-link.net) the EU support projects MINAEAST-NET and MINOS-EURONET are disseminating information through a nanoLINK e-newsletter (continuing the dissemination done previously by the e-newsletter MINAEAST-NET)
