All conference abstracts will be published in the Book of Abstracts. Submission (only one will be considered per participant) must be an original work. Conference abstracts should explicitly state objectives, new results, and conclusions or significance of the work. Please submit one page long abstract electronically as an attachment to e-mail (not in the body of the mail) sent by January 15, 2005 to the conference electronic address: **em2005@ite.waw.pl**. Faxed abstracts, hard copy abstracts sent by post, late abstracts, and abstracts more than one page long will **NOT** be accepted. All presenting authors will be informed about acceptance of their presentation by the end of February 2005.

The abstract in English should be written on one page of A4 format. The Microsoft Word format and Times New Roman font should be used. Left, right, top and bottom 2.5cm (0.98 inch) margins are recommended. The text should be 12-point, left aligned and single-spaced with an appropriate spacing after paragraphs.

Please remember that the Book of Abstracts is not intended for the presentation of high quality images.

Note: This instruction itself can be used as the template for writing an appropriate abstract. Abstracts **must** be properly formatted according to the instruction for Authors and no more than **one page in length**.

Simultaneously with submission of the abstract please **CONFIRM** your preferred (oral or poster) form of presentation.
