Re: The open procedure for delivery of the high resolution transmission electron microscope.

With regard to the following questions:

1. "Will You accept the camera with the following parameters : the resolution 11 Mpixels, the dynamics 14 bit (assembling of 14 frames/the second), dedicated to the diffraction, the photographic quality of the image."
2. „Do You allow for the after warranty service of the camera behind the territory of Poland."

please be inform that:

Ad.1

We do not allow for proposed changes.

In connection with the above, the statement of the point 7 of the Table 2 included in the appendix No. 1 of this Terms of Reference remains without changes.

Ad.2

According to the statement of the point 5 of the Table 3 included in the appendix No. 1 of this Terms of Reference, entire device have to be under service of the company with site on the territory of Poland. The Awarding Entity allows for the after warranty service of the components of the device in special-purpose foreign firms through the mediation of the company with site on the territory of Poland.
